E. KEIL & CO. LTD

PRESENT **"MINIMO A"**

50 INCH FLYING SCALE SAILPLANE.

NOTE:  
THE RIBS TO THE RIGHT ARE AN ALTERNATE SET MADE FROM THE EIFFEL 400 AIRFOIL COMMON TO GLIDERS THAT MAY BE MUCH BETTER THAN THE RIBS ABOVE THAT ARE UNDERSTOOD TO HAVE COME FROM THE KEIL KRAFT KIT BUT ARE SIZED POORLY AND ARE OF A VERY UNUSUAL AIRFOIL. IT IS RECOMMENDED THAT THE ALTERNATE RIBS BE USED. ALSO, NOTE THE ALTERNATE RIBS ARE SIZED A TOUCH LONG AT THE TRAILING EDGE TO ALLOW FOR BEING FITTED INTO A SLOTTED TRAILING EDGE.
