Fixed undercarriage is shown for ROG indoor flying etc. Plug-ins or clean airplane recommended in most other cases

Nate Sturman's

Bell P-39N,Q Aircobra

1/24 Scale ½" - 1' for rubber power.

Span 43 cm 16.9"

Nate Sturman 6 June 2001

The lightened N model with its propellor and gearbox ratio bested many enemy and allied fighters in climb and speed. Most N's went to the USSR.

Good building and flying. Keep It Light! < 20 grams
